

Medasense Clinical Resources

Medasense offers a wealth of materials to help deepen your knowledge and understanding of NOL® technology. We invite you to explore the links below.

Medasense Academy

The Clinician's Curriculum guides you through everything you need to know about NOL. You will learn about:

- How NOL technology and its algorithm work
- The clinical value and clinical evidence for NOL technology
- How to operate the PMD-200 and interpret the NOL trend
